INFORMATION SOURCE: The following listings were identified in Australian Electoral Rolls from 1903-1980. Most of the items were transcribed from indexed entries on Ancestry.com. Some were found in searching the microfilmed rolls at the Family History Library in Salt Lake City, Utah.

Please note that there are gaps in the information because not all of the electoral rolls for all of the electoral districts in Australia are available to search. Also please watch for possible inaccuracies due to incorrect identification of people with similar or identical names.
